Some of the programme activities are:

49 agencies and 14 networks and working groups collaborated on a report on *The UK's global contribution to the Sustainable Development Goals: Progress, gaps and recommendations*, published in June 2019. The report fed into the UK government's Voluntary National Review of the SDGs and provides key recommendations to the UK government and other institutions. It is a tool to strengthen policy advocacy and has been downloaded over 1,400 times. [The UKs Global Contribution to the SDGs](#)

The UK Alliance led the sector in driving **safeguarding good practice by providing resources and representing UK CSOs**. We delivered practical tools for CSOs including *20 core elements: a toolkit to strengthen safeguarding report-handling*, and *Good governance for safeguarding: A guide for UK NGO boards*. We also provided evidence on the sector's progress and challenges at the International Development Select Committee's safeguarding inquiry. [Safeguarding resources](#)

The **Bond Caste and Development Group produced a report** asking for the UK government to address work and descent-based discrimination globally to help achieve the SDGs and align policy asks. [Caste and Development Report](#)
